Discipline is often confused with punishment. However, it is a key aspect in the education and formation of every human being. We found a relationship between discipline and disciple, one guides the other. Discipline is instruction and direction, a disciple is one who receives instruction and direction. Our philosophy is to educate and promote respect in every situation. It is disciplining our disciples in order to help them achieve a healthy balance in their life both on and off the court.

9.3 Parental Involvement and Support

Parents / legal guardians and athletes must wait 24 hours after disciplinary action has been taken to contact the Director and schedule an appointment.

9.4 Response to Discipline

When athletes are disciplined, they should never confront the coach in front of other athletes. If the athlete feels a misunderstanding exists, he / she should obey the coach without protest and take the following steps to satisfy the matter:

Dispute and Grievance Policy

All athletes and parents / legal guardians in the Hunter's Volleyball Academy programs are expected to behave according to HVA Volleyball Rules and Code of Conduct (all the sections included at the HVA Parent/Athlete Handbook). Furthermore, any conflict that may arise between athletes or/and parents/legal guardians will be resolved by applying the HVA Rules and Code of Conduct.

HVA recognizes that there may be rare instances when these conflicts cannot be resolved directly by the parties or through the informal intervention. For those situations, if any should occur, HVA has instituted a formal Grievance Procedure. All athletes and Parents/legal guardians should be aware that the Grievance Procedure is NOT a substitute for direct conflict resolution between the parties; it is a secondary procedure to be employed only in the unlikely event that the parties cannot amicably and responsibly resolve their dispute through direct communication.

Grievance Procedure

1. A grievance may be lodged by parent/legal guardian of the HVA program for any suspected violation of the HVA Rules and/or Code of Conduct, or for any suspected violation of local, state or federal law.
2. A valid grievance must be submitted in writing, and must explain the nature of the grievance, the circumstances surrounding the alleged violation, and the specific provision(s) of the Code of Conduct alleged to have been violated. The person filing the grievance must also identify all witnesses or other persons with knowledge of the alleged violation.
3. A valid grievance must be signed by a parent/legal guardian and submitted to the HVA Director.
4. No grievance will be accepted from any person who fails to file the written grievance within two weeks of the incident in question.
5. No grievance will be accepted from any person who himself or herself has not complied with Code of Conduct, including speaking to a coach about the incident in question, or has engaged in any threatening abusive or harassing conduct, including verbal abuse.
6. No grievance will be accepted that seeks to challenge a coaching decision. For purpose of this provision, a coaching decision includes, but is not limited to, competitive team selection, playing time, position assignments, starting assignments, rotation and strategy.

Dispute and Grievance Policy

7. Details of the grievance are not be discussed with anyone other than the party(ies) directly involved with resolving the grievance.
8. Upon receipt, the program director will review the grievance and determine, in consultation with the HVA administration staff whether the grievance will be accepted or rejected. The person filing the grievance will be notified promptly whether the grievance has been accepted or rejected.
9. If the grievance is accepted, the program director will thoroughly investigate the incident and attempt to resolve the grievance with the parties amicably.
10. In the event that the program director is unable to resolve the grievance to the satisfaction of the parties, the grievance will be turned over to the HVA administration staff. The HVA Administration staff will evaluate the facts and circumstances surrounding the alleged Code of Conduct violation, conduct any further investigation he or she may deem necessary, and issue a recommendation to the HVA Director for resolving the grievance.
11. The HVA Director may accept the recommendation of the Administration staff or may decide that it is in the best interests of HVA to resolve the matter in any other manner approved by the Director and Administration staff.
12. Decisions of the Director and Administration staff are final and will be communicated in writing to the grieving party(ies).
13. It is anticipated that the process will take between two to three weeks from the time the grievance is filed to the time a final decision is rendered by the Director, assuming all parties are prompt and forthcoming in providing the necessary information. In the event of concern for physical safety, a more expedited process will be implemented.

Minor Athlete Abuse Prevention Policies (MAAP)

Covered Organizations/LAOs are required to implement the following athlete abuse prevention policies to satisfy these requirements, USA Volleyball provides these policies to USAV member clubs. Clubs may choose to implement stricter standards.

Required Policies:

- a. One-on-one interactions
- b. Meetings and training sessions
- c. Athletic training modalities, massages, and rubdowns
- d. Locker rooms and changing areas
- e. Electronic communications
- f. Transportation

REQUIRED POLICIES FOR ONE-ON-ONE INTERACTIONS

The U.S. Center for SafeSport recognizes that youth-adult relationships can be healthy and valuable for development. Policies on one-on-one interactions protect children while allowing for these beneficial relationships. As child sexual abuse is often perpetrated in isolated, one-on-one situations, it is critical that organizations limit such interactions between youth and adults and implement programs that reduce the risk of sexual abuse.

ONE-ON-ONE INTERACTIONS

USA Volleyball, RVAs and USAV member clubs, as well as all Adult Participants, shall comply with the following one-on-one policy

A. Mandatory Components

10 Rules for Parents of Athletes

1. Make sure your children know that win or lose, scared or heroic, you love them, appreciate their efforts, and are not disappointed in them. This will allow them to do their best without fear of failure. Be the person in their lives they can look to for constant, positive encouragement.
2. Try your best to be completely honest about your child's athletic capability, competitive attitude, sportsmanship, and actual skill level.
3. Be helpful, but don't coach them on the way to the field, rink, pool, gym or track or on the way back, at breakfast, and so on. It is tough not to, but it is a lot tougher for children to be inundated with advice, pep talks, and often critical instruction.
4. Teach them to enjoy the thrill of competition, to be "out there trying", to be working to improve their skills and attitudes. Help them develop the feel for competing, for trying hard, for having fun.
5. Try not to re-live your athletic life through your children in a way that creates pressure. You fumbled too, you lost as well as won. You were frightened, you backed off at times, you were not always heroic. Don't pressure them because of your lost pride.
6. Don't compete with the coach. You both have clearly defined roles that should complement each other. Encourage your child to respect their coach...they will learn more in the process.
7. Don't compare the skill, courage, or attitudes of your children with other members of the team, at least within their hearing distance.
8. Get to know the coach so that you can be assured that his/her philosophy, attitudes, ethics, and knowledge are such that you are happy to have your children under his/her leadership.
9. Always remember children tend to exaggerate, both when praised and criticized. Temper your reaction and investigate before over-reacting.
10. Make a point of understanding courage, and the fact that it is relative. Some of us can climb mountains, and are afraid to fight. Some of us will fight, but turn to jelly if a bee approaches. Everyone is frightened in certain areas. Explain that courage is not the absence of fear, but a means of doing something in spite of fear or discomfort.

The job of the parent of an athletic child is a tough one, and it takes a lot of effort to do it well. It is worth all the effort when you hear your youngster say, "My parents really helped...they are the best!"
